Hi Laurie,

I added two slides – if it is too much, feel free to cut down (e.g. you may or may not find it helpful to keep in the waterbody names). Unfortunately, we still don't have a schedule. Part of the reason for delay is that we are still waiting on some files from Ecology before Tt can finish up the technical approach.

Hi Miranda,

Here's the template for the Ecology webinar. Would you mind inserting a couple bullets for Deschutes (Approval date & pollutants, Disapproval pollutants & schedule?) AND adding talking points for me??

Thanks!

Laurie
